

MINISTÈRE DE L'ENVIRONNEMENT
DIRECTION DE L'INSPECTION ET DE LA SURVEILLANCE ENVIRONNEMENTALE (DISE)
CORPS DE SURVEILLANCE ENVIRONNEMENTALE (CSE)

September 16, 2014

To Whom It May Concern:

I am the Director of the Direction of the Inspection and of the Surveillance Environnemental of the Ministère de l'Environnement en Haiti (CSE/MDE). Pathfinders Task Force (PTF), working under The Eagles Wings Foundation, has been tasked by my office to assist with training for forest protection and development, wildfire techniques, and erosion control methods (among other issues). A small team has been to Haiti several times to assist in this regard.

In multiple, training sessions with my staff assisting, PTF has provided excellent instructors who have both the skill based and practical level experience to provide precisely the training my newly recruited agents require. In classes with 29 and 42 students at a time, audio visual and hands on trainings have filled a gap which no other group of trainers has been able to match before this team came to our attention.

The ease with which PTF instructors adapted to create train the trainer courses which are both sustainable and replicable is a program I give my highest recommendation for any government initiative. PTF has provided creative, practical, and realistic consultation to me, my staff, and my Minister of the Environment for long range projects no one else has ever suggested. Goals are defined and prompt assistance in developing project objectives and standards are well worth the investment in securing the guidance of these PTF specialists.

Because the PTF team's performances have exceeded our expectations, our Minister of the Environment and our Director of Civil Protection now both have entered into a multi-year Memorandum of Understanding (MoU) with The Eagles Wings Foundation. Please feel free to contact me at disease@yahoo.fr for any questions as I am very confident that you will be rewarded for engaging in a partnership with PTF.

Sincerely,

James Cadet
Directeur de la Direction de l'Inspection et
de la Surveillance Environnementale
du Ministère de l'Environnement en Haiti
